ABOUT PHOOLY ENTERPRISES

Crafting Quality. Ensuring Safety. Committed to Excellence.

Established in 1988, Phooly Enterprises is a leading manufacturer of premium leather safety gloves, proudly based in Pakistan. With a legacy of over three decades, we specialize in producing high-quality leather in our own tannery.

Our in-house leather tanning facility, located in the Korangi, Industrial Area, gives us complete control over material quality — from raw hides to finished gloves. This integrated manufacturing process enables us to deliver consistent quality, production flexibility, and long-term value to our clients.

As we expand into international markets, we are prepared to offer:

- Industrial safety gloves made from goatskin, sheepskin, cowhide, and split leather
- Category-specific designs, including Assembly, Canadian, Driver, and Welding Gloves
- Full customization in materials, sizes, colors, logos, and packaging
- Fast lead times, competitive pricing, and export-compliant standards

At Phooly, your hands are in safe hands.

ASSEMBLY GLOVES

Our assembly gloves are engineered for tasks that demand fine motor skills and tactile sensitivity without compromising on hand protection. Made with soft yet durable materials, these gloves offer maximum dexterity, breathability, and grip — ideal for light manufacturing, electronics handling, inspection, packaging, and component assembly.

Whether it's speed, control, or finesse — these gloves keep your hands efficient and safe all day long.

Assembly GLOVES

SKU: PE-1001

Material: Sheepskin / Goatskin
Leather

Design: Round thumb with cotton
fabric back

Fit & Features: Soft feel, light and
flexible

Ideal Use: Light-duty assembly,
general maintenance, and handling
small parts

Assembly GLOVES

SKU: PE-1003

Material: Goatskin / Sheepskin
Leather

Design: Keystone thumb

Fit & Features: Red stretch fabric for
breathability, elastic ribbed cuff with
hook-and-loop closure

Ideal Use: Technicians, electricians,
and automotive assembly work
where dexterity and comfort are
essential

Assembly Gloves

SKU: PE-1004

Material: Sheepskin Leather

Color: Natural palm with navy blue back

Design: Wing thumb with knit wrist and cotton interlock lining

Fit & Features: Comfortable, snug fit for controlled movements

Ideal Use: Medium-duty tasks in manufacturing and packaging

Assembly Gloves

SKU: PE-1005

Material: Sheepskin Leather

Design: Keystone thumb

Fit & Features: Breathable back, elastic wrist with hook-and-loop closure

Ideal Use: Assembling sensitive equipment and wiring work

Assembly Gloves

SKU: PE-1006

Material: Goatskin / Sheepskin Leather

Design: Straight thumb

Fit & Features: Stretch fabric back with ribbed design, elastic cuff with hook-and-loop closure

Ideal Use: Inspection, labeling, machine operation, gardening, and general handling

Assembly GLOVES

SKU: PE-1007

Material: Goatskin / Sheepskin
Leather

Design: Round thumb

Fit & Features: Black cotton interlock
back with shirred elastic

Ideal Use: Light mechanical work
and tool handling.

Assembly GLOVES

SKU: PE-1009

Material: Goatskin Leather

Design: Wing thumb

Fit & Features: Shirred elastic with
red cotton interlock back

Ideal Use: Appliance assembly and
small component handling.

Assembly Gloves

SKU: PE-1010

Material: Goatskin / Sheepskin Leather

Design: Keystone thumb

Fit & Features: Red interlock fabric back, black elasticized cuff with white hook-and-loop closure strap

Ideal Use: Light construction work, landscaping, general handling, and assembly tasks.

Assembly Gloves

SKU: PE-1011

Material: Goatskin / Sheepskin Leather

Design: Wing thumb

Fit & Features: Cotton drill fabric back, heavy-duty stitching, black elasticized cuff with white hook-and-loop closure

Ideal Use: Light metal fabrication, loading, and general-purpose tasks.

Assembly Gloves

SKU: PE-1012

Material: Goatskin / Sheepskin Leather

Design: Wing thumb

Fit & Features: Stretch fabric back with shirred elastic wrist

Ideal Use: Appliance assembly and small component handling.

CANADIAN GLOVES

Phooly's Canadian rigger gloves are designed for rugged industrial use, combining reinforced palm patches, extended cuffs, and durable split leather to deliver unmatched strength and hand safety. These gloves are the go-to choice for construction workers, loggers, heavy equipment operators, and anyone working in harsh, abrasive environments.

Heavy-duty protection — without sacrificing comfort or fit.

✓ All products in this category are customizable — sizes, materials, logos, colors, and packaging can be tailored to your needs.

Canadian Rigger Glove

SKU: PE-701

Material: Split Leather

Design: Wing thumb

Fit & Features: Blue fabric back with knuckle protection, rubberized safety cuff

Ideal Use: Heavy-duty construction, general maintenance, rigging, and outdoor labor where strong grip and hand protection are essential

Canadian Rigger Glove

SKU: PE-702

Material: Split Cowhide Leather

Design: Wing thumb

Fit & Features: Off-white fabric back with leather knuckle strap, grey rubberized cuff with black piping

Ideal Use: General-purpose industrial work, construction, rigging, and material handling; excellent durability and abrasion resistance

Canadian Rigger Glove

SKU: PE-703

Material: Goatskin / Sheepskin Leather

Design: Wing thumb

Fit & Features: Hi-vis yellow back with grey reflective stripes, extended rubberized cuff for added visibility

Ideal Use: Roadside construction, outdoor maintenance, rigging, and utility work in low-light or high-risk environments

Canadian Rigger Glove

SKU: PE-704

Material: Split Cowhide

Design: Reinforced wing thumb

Fit & Features: Dark denim cotton back with leather knuckle strap, denim rubberized safety cuff

Ideal Use: Construction, rigging, material handling, and warehouse tasks requiring high durability and abrasion resistance

Canadian Rigger Glove

SKU: PE-705

Material: Sheepskin / Goatskin Leather

Design: Wing thumb

Fit & Features: Orange cotton back with leather knuckle strap, split leather safety cuff with red trim

Ideal Use: Construction, rigging, and warehouse operations where long-lasting protection is needed

Canadian Rigger Glove

SKU: PE-706

Material: Split Leather

Design: Wing thumb

Fit & Features: Yellow fabric back with knuckle protection, rubberized cuff with yellow piping

Ideal Use: Construction, maintenance, rigging, and outdoor labor

Canadian Rigger Glove

SKU: PE-707

Material: Grain Leather

Design: Wing thumb

Fit & Features: Yellow and blue striped fabric back with white leather knuckle strap, matching striped cuff with yellow piping

Ideal Use: General construction, material handling, rigging, and tasks that require a balance of durability and dexterity

Canadian Rigger Glove

SKU: PE-708

Material: Split Leather

Design: Wing thumb

Fit & Features: Multicolor striped fabric back with white leather knuckle strap, matching cuff with blue piping

Ideal Use: Construction, rigging, material handling, and other jobs demanding both protection and flexibility

Canadian Rigger Glove

SKU: PE-709

Material: Split Leather

Design: Wing thumb

Fit & Features: Off-white fabric back with knuckle protection, rubberized cuff with black piping edge

Ideal Use: Construction, general maintenance, rigging, and outdoor labor

Rigger Work Glove

SKU: PE-711

Material: Split Leather

Design: Wing thumb

Fit & Features: Red cotton drill back with split leather knuckle strap and finger reinforcements, rubberized safety cuff with black piping

Ideal Use: Industrial work, construction, material handling, and rigging.

DRIVER GLOVES

Crafted from soft, full-grain leather, our Driver gloves offer an ideal combination of comfort, flexibility, and reliable grip. These gloves are perfect for general-purpose work, including construction, material handling, transportation, and automotive tasks. Designed for all-day wear, they allow maximum movement while shielding hands from abrasions and impact.

A trusted companion for professionals who demand both safety and freedom of motion.

Material: Dyed Sheepskin / Goatskin

Design: Keystone thumb

Fit & Features: Full leather back, rubberized cuff, double-stitched index finger and Hi-vis finger tips

Ideal Use: General driving, warehouse work, transportation, machinery, and industrial work

WELDING GLOVES

Extreme heat protection. Professional-grade craftsmanship.

Our welding gloves are made from heat-resistant leather and stitched with Kevlar® thread to withstand high temperatures, sparks, and abrasion. Featuring full hand coverage, reinforced palms, and extended cuffs, they're ideal for all types of welding — MIG, TIG, Stick, or Arc.

These gloves offer welders the confidence, comfort, and control needed for precision work in high-heat zones.
